

## Tam Ka-yau, Kary

b. 1997, Hong Kong

### Introduction

**Kary Tam** is a distinguished fashion photographer and designer based in Hong Kong. Tam is a proud graduate of the Hong Kong Polytechnic University School of Design. With a profound interest in fashion, *Tam* travels globally, seeking inspiration and engaging in dialogues that delve into the complexities of the human experience. Her work is often sensational, characterized by a masterful use of color, emotion, and composition.

A product of two cultures, *Tam* draws inspiration from Chinese aesthetics, as well as from abstract expressionism, which significantly informs her unique aesthetic. She currently employs both the film and Canon digital cameras in her photography.

A selection of *Tam's* images is available as limited edition fine art prints, showcasing her artistic vision. Her passion for old digital cameras has culminated in establishing an online platform (*retro.futuristic\_*) dedicated to vintage photography. This initiative has evolved from sharing her work to promoting vintage cameras, including joining *The Heath* and *HKBU AVA BA Graduation Show Market*, cooperate project: *Offline Friends by Niclaw*, held at the Music Room of *Terrible Baby*, Eaton Hotel Hong Kong.

*De's Art Den* is honored to announce our first solo exhibition "Flicker of Desire" for the emerging artist, *Tam Ka-yau, Kary* for the gallery's debut show in 2024.
